Quality Policy

Air Conditioning and Heating Specialists

Purpose

At ENERGY TECH, we are committed to delivering exceptional HVAC solutions that meet and exceed our customers' expectations.

Our quality policy reflects our dedication to continuous improvement, customer satisfaction, and sustainable practices.

Policy Statement

We strive to provide high-quality HVAC installation, maintenance, and repair services through:

Customer Focus

We prioritize our customers' needs and work collaboratively to ensure their satisfaction with our services. Feedback is actively sought and valued to enhance our offerings.

Quality Standards

We adhere to industry standards and best practices in all aspects of our work. Our team is trained and equipped to deliver reliable and efficient HVAC systems.

Skilled Workforce

Our employees are our greatest asset. We invest in ongoing training and development to ensure they have the necessary skills and knowledge to perform their jobs effectively.

Continuous Improvement

We commit to regularly reviewing and improving our processes, services, and technologies. We embrace innovation and adapt to changing industry demands.

Safety and Compliance

We maintain a safe working environment and comply with all relevant regulations and standards to protect our employees, customers, and the community.

Sustainability

We promote energy-efficient solutions and environmentally responsible practices in our projects, contributing to a sustainable future.

Health, Safety, and Environment (HSE) Policy

At **ENERGY TECH**, We recognize the importance of maintaining a safe and healthy work environment for our employees, clients, and the community.

Our HSE policy outlines our commitment to preventing accidents, injuries, and environmental harm.

HSE Statement

We are dedicated to achieving excellence in health, safety, and environmental performance through the following principles:

Commitment to Safety

The health and safety of our employees and stakeholders are our top priorities. We will provide a safe work environment and ensure that all employees are trained in safety practices.

Compliance with Regulations

We will comply with all relevant health, safety, and environmental laws, regulations, and industry standards. We will stay updated on changes in legislation and implement necessary measures.

Risk Assessment

We will conduct regular risk assessments to identify potential hazards and implement controls to mitigate risks associated with HVAC installation and maintenance.

Training and Awareness

All employees will receive training on HSE policies and procedures. We will promote a culture of safety awareness and encourage employees to report unsafe conditions.

Emergency Preparedness

We will develop and maintain emergency response plans to address potential incidents. Regular drills will be conducted to ensure all employees are familiar with procedures.

Environmental Responsibility

We are committed to minimizing our environmental impact through responsible waste management, energy-efficient practices, and sustainable sourcing of materials.

Continuous Improvement

We will regularly review and improve our HSE practices. Feedback from employees and stakeholders will be sought to enhance our health, safety, and environmental initiatives.

Products and Services

Products & Services:

We deal with all types of Air-Conditioning Systems, Fresh Air Systems, Air Filtration System and Mechanical Ventilation System.

-Chiller -DX -Package -Wall Split -Cassette -VRF/VRV

HVAC Installation & Ducting Systems:

- G.I & P.I Ducting Installation System
- Chilled Water Piping System
- Package units, DX units and Fan Coil Unit
- Installation
- Ventilation Systems
- Ecology Unit Installation Systems Kitchen
- hood exhaust and fresh air system
- Chemical Flushing & 3rd Party Testing
- Reports
- Air Balancing System and Certifications
